

**IUPAC Project Progress Report****Project number:** 2003-060-2-400**Project Title:** Terminology on separation of macromolecules**Task Group Leader:** Taihyun Chang**Report:**

1. Current status of project: Collection of the terms from task group members and outside experts till the end of 2004.
2. Progress relative to 'milestones': As planned.
3. Difficulties encountered (or concerns): More active participation of the task group member is called for.
4. Projected completion date (documents ready for external review): End of 2006.
5. Intended outputs and the dissemination plan for this project:
  - a) Publication of the document at the IUPAC Web page as a pdf file.
  - b) Publication of the document in *Pure and Applied Chemistry*;
  - c) Incorporation of the document in the new edition of *Compendium on Analytical Nomenclature* and insertion to other pertinent IUPAC publications.
  - d) Letters to editors of relevant journals.
  - e) Presentations at relevant international meetings.
  - f) Scientists and teachers from many countries are involved in the project, which anticipates good starting conditions for its dissemination.
6. Work on this project has identified issues and/or opportunities for related projects:  
So far, nothing particular.
